The bottle is complete. It is cylindrical in shape, with a straight wall, a drooping shoulder and a long, straight cylindrical neck. The neck has a swollen ring and a flat, fire-polished top. The base is rounded. The base features a wide, uneven fulcrum and a recessed center with a spiral pattern. There is a glass seal affixed to the shoulder. Oval in shape, it has a bulging rim with a glass burr on the right. The design is surrounded by a grenetis and comprises a shield fesswise argent and sable (hatched and adorned with two fessways) and surmounted by a marquis crown.

Accession Number 2018.10.435

Date 1900 c

Materials dark green colored glass

Measurements 27 x 3,085 cm
