The bottle is complete. It is cylindrical in shape, with a straight wall, a rounded shoulder and a long, tapering cylindrical neck. The neck has a straight ring and a high, slightly tapered lip with a flat top. The base is slightly beveled. The base has a wide, uneven fulcrum, a deformed recessed center with an annular bulge and a central nipple. There are three mold marks: a horizontal mold line at the top of the wall and two vertical mold lines on the shoulder and neck. The support point shows numerous wear marks ; None.
