The bottle is complete. It is cylindrical in shape, with an angular, conical shoulder; the neck is narrow, short and straight. The neck has a swollen lip with an almost flat top. The base is beveled. The base is slightly domed. The body is beige, almost white in color, covered with a colorless glaze that gives it a shiny appearance. The container is stained with soot and iron rust, particularly on the neck ; None, apart from the colorless liquid glaze that gives the surface a shiny appearance.
