Collections / Post-war to present day / box

CC BY-NC-ND 4.0 license

Rectangular box with a thin sheet of wood (1-1.5mm) folded on itself. The two ends of the sheet overlap and are sewn together with two parallel vertical rows of spruce root. The lid and wall are joined to the base with small wooden dowels. Several are missing and have been replaced by round-headed nails. The lid fits perfectly on the body of the box. The base

and lid are made from a single piece of wood. Planer grooves.
