CC BY-NC-ND 4.0 license

The bottle is complete. It is rectangular in shape, with rounded corners. In cross-section, it has a straight, slightly recessed wall, a rounded shoulder and a long, straight neck, topped by a straight, high lip with a flat top (Prescription lip). The base is recessed and rounded, while the bottom is recessed and flat. There are two vertical mold lines on opposite corners,

from the base; this line crosses the shoulder and goes to the collar. There are raised molded inscriptions on the sides: ANCHOR MED. CO. WEAKNESS CURE ; None, other than the shape of the object and the color of the glass.

Accession Number 2018.10.579

Fabricant / Éditeur The Anchor Medicine Co

Date 1910 c
