The pot is complete; only a small chip of enamel is missing from the rim. The pot is cylindrical. In cross-section, it is truncated cone-shaped, with a groove under the rim, the top of which is flat. The underside is slightly domed and unglazed. The body is beige in color and covered with an unevenly applied white glaze ; None, other than the shape of the object and the white color of the glaze.

Accession Number 2018.10.1034

Date 1820 c

Materials ceramic, white earthenware

Measurements 5 x 6,5 cm
